

# Group Layouts

Here are some examples of different quantities of images positioned on a tea towel. Some with, and some without borders. As a general rule, max 350 head and shoulder images per design, or 200 handprints.

200+ images - we recommend head and shoulder images only and we type names. This allows for continuity and legibility.

# Border Options

Select from one of our range of borders, or choose to let the artwork speak for itself and select no border.

# Print Colour Options

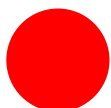

Select from our standard range of print colours or specify a PMS colour we can match to. Metallic and fluoro inks attract a higher price.
